ABOUT ME

Hello, I am Kouamé Thibaut. I am passionate about researching and developing new solutions, and I love to constantly learn and improve. My desire to innovate and solve problems motivates me to work again and again on challenging projects. I am enthusiastic about the idea that only education makes us truly free. Growing and improving remains one of humanity's greatest abilities to create a much better world.

Full Professor

Name: Professor Arnaud Sané

Phone number: (+225) 078900180

Email: sanearnaud@gmail.com

I warmly recommend Bosson Badou Thibaut Kouame. He is a dedicated student with great ambition and integrity. His ability to communicate effectively and work in a team makes him a valuable asset. I am convinced that he will successfully complete his higher studies in computer science.

Dean of Networks and software engineering

Name: Abina Caroline Trazié

Phone number: (+225) 0707055566

Email: abinacaroline@univmetiers.ci

As department Director, I recommend Mr Kouamé, whose determination and commitment I was able to closely observe during his career. His integrity, his ability to work in a team and his constant desire to learn make him an exceptionally adaptable person ready to take on challenges. His positive attitude and perseverance are assets that will undoubtedly contribute to his future success. I am confident that he will be successful in any graduate program he undertakes. His passion for IT and his dedication make him an exceptional candidate.
